Dear Ms. Kalapos:

Re: Ontario Power Generation Inc. (OPG) Clean Energy Credits

The Ontario Energy Board (OEB) acknowledges receipt of the letter sent by Ms. Kalapos on behalf of the Clean Air Council on May 17, 2022. The letter requests that the OEB consider issues related to OPG's sales of clean energy credits arising from OEB-rate-regulated assets.

As you know, Environmental Defence has requested that the OEB re-open or institute a new proceeding to consider issues relating to the matter of OPG's ongoing sales of clean energy credits. We have advised Environmental Defence and OPG that we are considering the matter.

Yours truly,

Nancy Marconi
Registrar
