December 2023) and invitation to attend webinar**

---

The Ontario Energy Board (OEB) has released its [Innovation Sandbox Annual Report](#) (January 2023 to December 2023) and is inviting interested stakeholders to attend an informational webinar. The webinar will provide an overview of the report and offer an opportunity to address any questions related to it and the Innovation Sandbox more generally. The OEB Innovation Sandbox supports pilot projects testing new activities, services and business models in Ontario's electricity and natural gas sectors. As the first regulatory sandbox in Canada's energy sector, it has provided information and guidance to dozens of proponents since its launch in 2019.
