Dear Ms Walli:

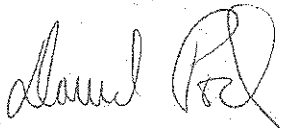

**Re: EB-2007-0630 Distributed Generation: Rates and Connection – GEC intervention**

1. The Green Energy Coalition (GEC) hereby gives notice of its intention to intervene in this matter and requests that it be found eligible for costs.
2. The GEC is comprised of David Suzuki Foundation, Sierra Club of Canada, Greenpeace Canada, World Wildlife Fund (WWF-Canada) and Eneract (Energy Action Council of Toronto). All of the GEC's member groups are charitable or non-profit organizations active on environmental and energy policy matters.
3. The GEC's primary interest in these proceedings is in regard to reducing barriers to clean and efficient distributed generation as an alternative to dirtier, riskier and more expensive centralized generation.
4. GEC will be an active participant and expects to file written comments on staff's discussion paper. GEC is currently searching for consulting assistance. GEC's counsel also acts for OSEA in this matter and we expect to coordinate our efforts to avoid duplication.
4. We request that GEC be placed on the distribution list and documents be sent to:

David Poch,  
Counsel to the GEC
